Re: U.S. Patent Application No.: 09/390,501

Dear Mr. Polit:

Enclosed is an original Notice of Allowance in connection with U.S. patent application No. 09/390,501. The attorney of record for this application was erroneously changed by the U.S. Patent and Trademark Office to Paul Parker and Perkins Coie LLP. We have spoken with Examiner Erica Smith-Hicks and she advises us that she will have the attorney of record corrected to Robert Polit. In the meantime, she requested that we forward the Notice of Allowance she issued in this application to your attention.

If you have any questions, please do not hesitate to give us a call.

Very truly yours,

Nicole Bailey
Paralegal

DETAILED ACTION

REASONS FOR ALLOWANCE

1. Claims 3 and 5-9 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicants' arguments of Paper No. 6 were fully considered and found persuasive. The Examiner particularly agrees that the rejection of the instant claims under 102(e) and (f) should be withdrawn as the subject matter of the claims is supported by the parent application, issued as US 6,001,234, which predates WOODRUFF 6,080,291 negating its use as prior art.

Applicants' arguments against BROGDEN et al., and amendment to independent claim 3 to better set forth the patentable distinction thereover now places the claim, and all dependent thereupon, in condition for allowance.

The instant contact assembly comprising a seal member having a rim portion adapted to bevel against the surface of a microelectronic workpiece offers an advantage over the prior art as it significantly inhibits the ingress of electrolyte, or processing fluid through a barrier which reduces plating anomalies created by the presence of undesired processing fluid.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
